CONTENTS

A BIBLIOGRAPHY OF PLANETARY GEOLOGY
PRINCIPAL INVESTIGATORS AND THEIR ASSOCIATES, 1981-1982

A compilation of selected bibliographic data specifically relating to recent publications submitted by principal investigators and their associates, supported through NASA's Office of Space Science and Applications, Earth and Planetary Exploration Division, Planetary Geology Program.

Serves as a companion piece to NASA TM-84211 "Reports of Planetary Programs - 1981," NASA, Washington, D. C. 20546.

GENERAL INTEREST TOPICS

Arvidson, R. E., Bolef, L. K., Guinness, E. A., 1981, BIRP - Interactive system for search and display of remote sensing data, International Geoscience and Remote Sensing Symposium, IEEE, v. II, p. 840-842.

Arvidson, R. E., Bolef, L. K., Lewis, R., 1981, Archival storage of digital data on videotapes and videodisks, Reports of Planetary Geology Program, NASA Tech. Memo. 84211, p. 525.

Bolef, L. K., Guinness, E. A., Arvidson, R. E., BIRP - A way to search through image engineering data, Proceed. IEEE Transactions on Geoscience and Remote Sensing, in press.

Carr, M. H., and Evans, N., 1980, Images of Mars: The Viking Extended Mission: NASA SP-444, 32 p.
