

# MMaJIC (Microgravity Materials Joining Investigation Chamber)

Jimmy Ragan

Micah Hardyman, Justin McElderry, Tristan Phillips and Rahul Rameshbabu

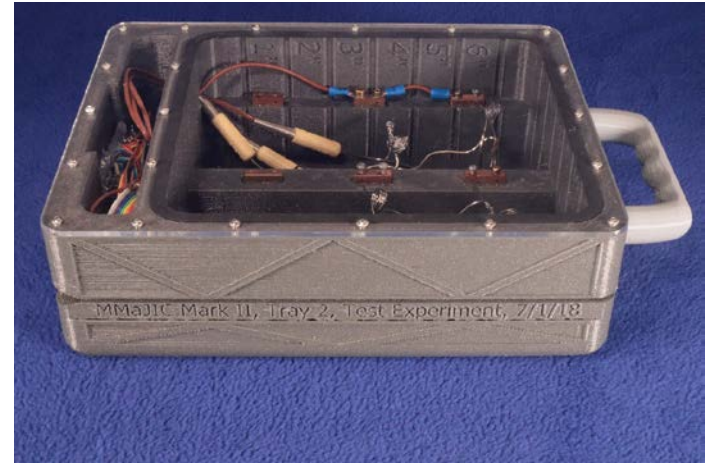

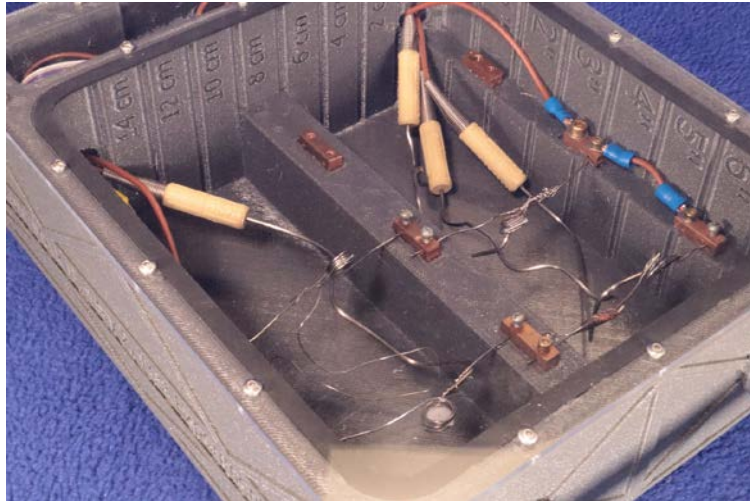

# MMaJIC: Easy Access to Microgravity

- Traditional platforms for microgravity have high overhead and setup.
- MMaJIC is designed to minimize on-orbit time and cost.

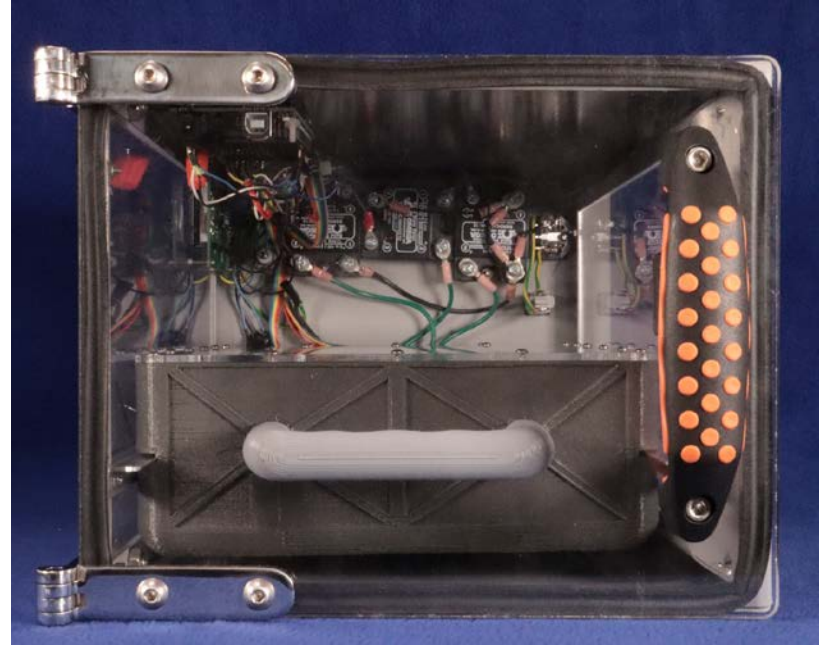

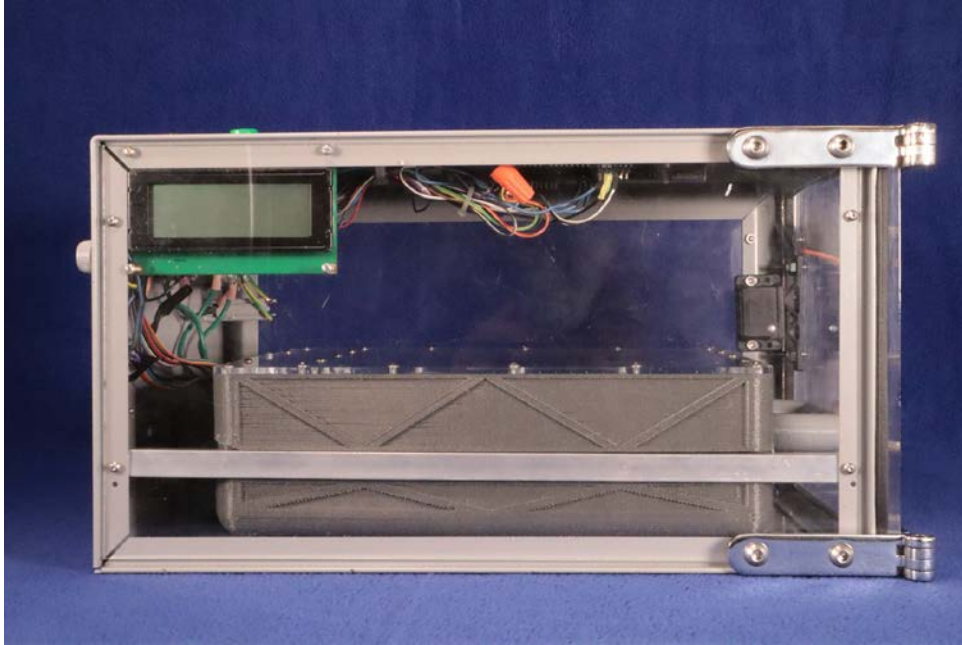

# Modular Sample Trays

- Simple mechanical and electrical interfaces
- Reconfigurable and customizable

# On-Orbit Housing

# Ground Testing
