

How Can Industry Partner with NASA?

Karen Bradford

Director, NASA Ames Strategic Partnerships Office

September 29, 2020

JAXA – NASA Ames Business to Business Forum

➤ Space Act Agreements

- Mutually-beneficial technical collaboration
- Aligned with NASA mission
- No exchange of funds (in-kind contribution)
- International agreements will be reviewed by HQ and signed at HQ level
- US subsidiaries of Japan parent company will also be reviewed by HQ

➤ Licensing NASA Technology

- Non-exclusive worldwide license
- Licensing fees will be determined based on the specific technology
- Duration of license will be determined by NASA Patent Counsel
- Search for licensable NASA technology: <https://www.technology.nasa.gov>
