The file was named draft since there could have been changes mandated by the STRIVES review. If there are no modifications required thru STRIVES, it will be the final.

Hello again!

Looks like 20230000850 (<https://strives.nasa.gov/submit/20230000850>) is through the other

reviewers and back to y'all for final approval now – please review/approve at your earliest convenience so we can move forward for poster print.

Thanks,
Carol
