ECONOMIC IMPACT OF STIMULATED TECHNOLOGICAL ACTIVITY:

PUBLICATION
15 Oct. 1971 23 p

Unclassified

CSCL 056 63/34 16625
FINAL REPORT - BIBLIOGRAPHY
7 April 1970 - 15 October 1971

Contract No. NASW-2030

MRE Project No. 3450-D

For

National Aeronautics and Space Administration
Headquarters
Technology Utilization Division
Washington, D.C. 20546
TABLE OF CONTENTS

Part I - Overall Economic Impact of Technological Progress -
   Its Measurement. ................................... 1

Part II - Case Study - Technological Progress and Commercialization of Communications Satellites ............. 12

Part III - Case Study - Knowledge Additions and Earth Links
   From Space Crew Systems. .......................... 32

Atmosphere for Space. ................................ 32
Carbon Dioxide Removal. .............................. 40
Carbon Dioxide Recycling. ............................ 42
Contaminant Control and Removal .................... 44
Thermal Balance ...................................... 51
Space Hazards - Decompression ....................... 59
Space Hazards - Radiation ............................ 60
Space Hazards - Meteoroids. ........................ 66
Fire and Blast Hazards. .............................. 68
Light and Vision. ..................................... 69
Mobility and Work Physiology. ....................... 75
Habitability. ......................................... 80
PART I

OVERALL ECONOMIC IMPACT OF TECHNOLOGICAL PROGRESS - ITS MEASUREMENT
