Attention: Ryborn R. Kirby, Mail Code TF6
Houston, Texas 77058

Dear Mr. Kirby:

During August the accomplishments were:

1. Cooperation in the data take of 5 August: The weather was excellent and expected data quality should be high.
2. Continued ground truth activity.
3. Discussions regarding shifting ground tracks and their implications for a September data take. We recommended data acquisition over original test site if at all feasible because of ground truth costs.

Sincerely yours,

Lester V. Manderscheid
Principal Investigator
Contract NAS 9-13332
