Welcome

The Lewis Online Travel System (LOTS) is a menu-driven interactive application that automates nearly all of the functions associated with government travel. The purpose of this manual is to provide LOTS users with concise instructions for using the computerized application. As such, it will not go into the details of travel regulations.
Displays

Because of space and format considerations, LOTS displays presented in this manual may be abbreviated to show only the relevant portions of the display. In some cases, the actual phrasing of a field name may be abbreviated as well, but these changes should be obvious from their names and locations on the displays.

The portions of the displays where you are expected to enter information will appear shaded as in the example above (although most often it is a set of single quotation marks and an underscore ("_"), rather than a shaded area, that appear on the actual LOTS screen).
Programmable Function Keys

Programmable function (PF) key functions are sometimes listed at the bottom of the LOTS displays. For the sake of brevity, these functions will be omitted from most of the displays presented in this manual. The function of the PF keys are clearly presented by LOTS, and you should not have a problem understanding their meaning.

With the variety of workstations used to access LOTS, several PF keys (also known as “F” keys) were assigned to the same function. For instance, the PF 11 and PF 23 keys perform the same function. Do not be concerned if your workstation has only one of these PF keys. Select the one available for the function you wish to use.

The following are some of the more commonly used PF keys.

<table>
<thead>
<tr>
<th>Key</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td>PF1</td>
<td>Help (does not appear on all LOTS screens).</td>
</tr>
<tr>
<td>PF 10 or PF 22</td>
<td>Save the information that has been input up to that point and hold it until later.</td>
</tr>
<tr>
<td>PF 11 or PF 23</td>
<td>Return to the previous menu.</td>
</tr>
<tr>
<td>PF 12 or PF 24</td>
<td>Exit LOTS and return to the Business Applications Menu.</td>
</tr>
</tbody>
</table>

Warning: Using any PF key other than PF10 or PF22 will not save any information that has been entered, and may possibly terminate the entire process.
Conventions

Different type styles are used in this manual to help you distinguish entries, actions, and keystrokes in LOTS.

Words or letters that you must type will appear in bold italics. For example, CESN or NATQ.

Screen information that applies to you personally, such as your social security number, will appear in angle brackets. For example, <Your Social Security Number> or <Your TAC Number>. Screen information that is based on previous input, such as dollar amounts, will appear in italics. For example, 100.00. Information that appears in italics may or may not correspond to that which is listed in the manual.

Keystrokes of specific keys will appear as that key, such as Enter or F11.

The word “press” refers to pressing a single key, such as the Tab key. The word “type” refers to entering information by typing one or more keys.

Getting around in LOTS

When information is to be entered into more than one field on any given screen, you may cursor from field to field using the Tab key; to go backwards, press the Shift and Tab keys simultaneously.

There are times when you will not need to press any key to advance from one field to the next; specifically, when the information entered exactly fills the space provided. This occurs most frequently with single-letter entries, such as “Y” or “N.”

If you need help

If you experience any difficulty with the system, please call the PMO at 3-9800.
Logon to LOTS

In order to logon to LOTS, you must go through the CICS MVS/XA pathway. This pathway is the “road” to the LOTS software. LOTS is processed under IBM's MVS/XA operating system, which is located on one of the two Amdahl 5870s housed in the Research Analysis Center. To reach the LOTS software, you must establish a pathway from your workstation to the Amdahl. The logon process establishes that pathway.

1. From the LIMS Main Menu, press **F** then **Enter**

Pressing “F” (Business Systems Access) begins the logon process, much of which is automatic. Your workstation will run through a series of screens as it establishes the pathway to the Business Application Menu.
Logon

Your userid is the three- to eight-character name assigned to you by the Central Userid Administrator. If you have not entered the system before, use the password assigned to you. You may enter a new password at any time. However, every 90 days the system will require you to change it.

1. Type your userid, then press [Tab]

**Warning:** Do *NOT* press the Enter key to move from field to field on this display. Doing so will invalidate the logon procedure.

2. Type your password.

3. If required, press [Tab] then type a new password.

4. Press [Enter]

X - Exit Business Applications
?

Type Application or Option Number and press ENTER.

PF1 - Help    PF3 - User Profile

PF12 - Exit

1. Press (in this case) or type **TRAVEL** and press **Enter**

The various options are sorted alphabetically by application, rather than by the application's name. Which applications you will see, and their corresponding numbers, will depend on which systems you have access to.
Logon

At this point, you will see the screen pictured above. Each option represents a different function of LOTS. Each option is addressed in a separate section of this manual, presented in the order listed above. Please refer to the appropriate section.
Logoff

Logoff is the procedure you use to exit LOTS and return to the LIMS system. It is important to logoff properly in order to prevent a system lock up or LIMS port hang-up.

You may use the following steps to logoff either at the end of a procedure, or should you need to exit for any reason in the middle of a procedure. If you logoff in the middle and wish to save the information, remember to press the PF10 key.

1. If desired, press \[F10\]

Pressing PF10 saves your input up to this point, allowing you to retrieve it later; if you do not wish to save the information, then skip step one.

2. Press \[F12\]

There is no need to press the Enter key.

X - Exit Business Applications
? - Help

Type Application or Option Number and press ENTER.

PF1 - Help  PF3 - User Profile  PF12 - Exit

1. Press [F12] or type **EXIT** or X and press Enter
Add a Travel Request

Adding a travel request is the first step in the process. You will be asked to supply the basic information, such as the traveler's social security number and the type of trip, as well as more detailed information, such as itineraries and modes of transportation.

1. Press 1 then Enter

Selecting option number one will take you to the travel request maintenance menu, where you may add and modify requests.
Add a Travel Request

1. Press 1 then 0 then Enter

At this time, you may want to select option 10, a listing of Object Classes. You will need this information after several more steps. Getting the information now will save you the trouble of backtracking later.
Add a Travel Request

Choose the type of object class to be displayed:

(Enter a letter value from the list below)

A = All types
D = Domestic only
F = Foreign only
B = Both only

1. Press [A] then [Enter]

Performing this operation will display a screen (shown on the following page) listing by number and describing the various object classes. Selecting “A” allows you to view all of the choices as displayed on the entire series of screens. Selecting “D” or “F” simply limits the number of codes displayed.

Selecting option “B” displays one code - 2143 - that is used only for non-NASA travelers, such as contractors or invitational travelers.
Add a Travel Request

1. Press Enter to page through the screens.

2. Locate an appropriate object class.

There is no information to enter at this point. You will need to enter one of these four-digit numbers when you reach page 8 of this section, however.

3. Press F11 twice to return to the Travel Request Maintenance Menu.

If you scroll all the way through the series (returning to the screen pictured on the previous page), you only need to press PF11 once.
Add a Travel Request

1. Press 1 then Enter

Option "1," Add a Travel Request, is the first step in the travel request process.
Add a Travel Request

TRAVELER'S SOCIAL SECURITY NUMBER

FISCAL YEAR 1991

TRAVEL TYPE

S = SINGLE TRIP
G = GENERAL AUTHORIZATION
M = MODIFICATION/EXTENSION
I = INVITATIONAL - DOMESTIC
V = INVITATIONAL - FOREIGN
R = PRE-PAYMENT REIMBURSABLE
F = FOREIGN TRIP
B = BLANKET ORDER (ORIGINAL)
E = PRE-EMPLOYMENT INTERVIEW

1. Type the social security number of the traveler.

There is no need to press the Tab key here; filling in a proper 10-digit social security number will automatically advance the cursor to the next field.

2. Type the proper fiscal year (It may be correct as shown).

3. Press S then Enter

The Single Trip, choice “S,” is the most common. It is used for any trip by a NASA employee within the continental United States. (Travel to Hawaii and Alaska fall under the Foreign Trip category.) Other options will be explained later in this manual. Please refer to the section entitled, “Other Travel Types.”
This page intentionally left blank
Add a Travel Request

1. Type the proper Funding Org Code. It may be correct as shown; if so, press Tab.

2. Type the proper Object Class. Refer to pages 2 through 4 of this section for help.

3. Type a valid Job Order Number.

If you do not have an appropriate Job Order Number, type P, zero, zero, and your four-digit organization code. (e.g. P001000.)

4. Supply a Point of Contact and Purpose of Travel (include preparer's name and PABX). Press the Tab key as necessary to advance to the next blank space.

5. Select the proper Expense Indicator Code from the choices listed. If you choose “A” or “B,” you must fill in the Actual Expenses Amount Per Day at the bottom of the screen.
Add a Travel Request

6. Press Y or N as appropriate, under “Gov't Charge Card Exception” and “More Purpose.”

Choosing “Y” under “Gov't Charge Card Exception” indicates that your traveler does not wish to use the government charge card for lodging and/or the airline ticket, and takes you to the screen pictured on page 3-11. Choosing “Y” under “More Purpose” takes you to an additional screen, shown the next page, where you can enter more trip information.

7. If you chose “A” or “B” in step 5, then type the anticipated expenses per day; otherwise, press Tab.

8. Press Enter.

1. Type the proper itinerary information—city, state, date and hour of arrival, whether annual leave is to be used (answer with a two-digit number indicating the number of days to be used; if no annual leave will be used, leave it blank by pressing the Tab key) and site to be visited.

The date must be entered using the following format only: a four-digit year, a two-digit month, and a two-digit date. For example, February 19, 1991 would be listed as "19910219."

2. Answer both questions at the bottom by typing either Y or N.

Answering "Y" for "Any Meals or Lodging . . ." will display the menu on the following page. If you answer "N," you will omit this step. Answering "Y" for "More TDY Itinerary" will display another menu that is identical to this one. The same information may then be entered.

3. Press Enter

Add a Travel Request

1. Press [Y] or [N] to answer “Depart Date Different?”

2. If you selected “Yes,” you must type the actual depart date. If no [Tab] to the FMM Exception field.

3. Type an appropriate FMM exception, if applicable. If no exception, press [Tab]

FMM exceptions are granted only under a specific set of circumstances. A representative of the transportation office should be able to tell you whether any apply.

4. Type appropriate car rental and taxi/POV (Privately-Owned Vehicle) information in the next seven fields. POV rate should be in cents.

5. Type appropriate registration fee and extended duty trip information. Extended duty trips are those lasting over 30 days, and therefore require more than one travel request to complete.

6. Press [Enter]

Other Travel Types—Foreign

Although the single trip is the most common form of travel, there are several others. Their use is outlined in this section.

1. Type the social security number of the traveler.

2. Type the proper fiscal year (It may be correct as shown).

3. Press F then Enter

The process for completing a foreign travel request is exactly the same as a Single Trip, with one exception: the second screen in the series, the Itinerary screen, is slightly different in order to allow you to enter the name of a country, rather than a state. That screen is pictured on the following page.

1. Type the proper Object Class, as determined previously.

2. Type a valid Job Order Number (Task Order Number). As before, if you do not have an appropriate Job Order Number, type \textbf{P}, zero, zero, and your four-digit organization code.

3. Type a Point of Contact and Purpose of Travel.

4. Select the proper Expense Indicator Code from the choices listed. If you select \textbf{"A"} or \textbf{"B"}, you must fill in the Actual Expenses Amount Per Day.

5. Press \textbf{Y} or \textbf{N} under “Gov’t Charge Card Exception” and “More Purpose.”

As with the Single Trip, choosing \textbf{“Y”} under “Gov’t Charge Card Exception?” indicates that your traveler does not wish to use a government charge card, and takes you to the screen shown on the next page. If you selected \textbf{“No,”} you will skip to page 4-7. Choosing \textbf{“Y”} under “More Purpose?” takes you to an additional screen where you can enter more information.

6. Press \textbf{Enter}

1. Type the social security number of the traveler.

2. Type the proper fiscal year (It may be correct as shown).

3. Press 0 then Enter

If the traveler has more than one general authorization TAC number, the screen pictured on the following page will be shown. If not, this screen will be omitted.

ENTER A TAC NUMBER OF THE BLANKET ORDER THAT THIS GENERAL AUTHORIZATION TRIP IS TO BE CHARGED AGAINST

TAC NUMBER

1. Type a valid eight-digit blanket TAC number.

2. Press [Enter]

Screens for General Authorization travel requests are identical to those for a regular Single Trip. The only difference is that additional restraints are placed on the request in order to ensure that it conforms to an approved Blanket Order original. For more information on requesting a single trip, please see Section Three, “Add a Travel Request.”
Invitational trips, either domestic or foreign, and pre-employment interview trips are those paid from the NASA budget for a non-NASA employee.

1. Type **123 45 6789**, which is a social security number reserved for invitational and pre-employment trips.

2. Type the proper fiscal year (It may be correct as shown).

3. Select □ □ □ or □ □ □

4. Press ⏎

Invitational Domestic or Foreign and Pre-Employment Interview employ the same screens. (The only exception is that the Invitational Foreign uses the foreign itinerary screen.) After completing the screen shown on the following page, the process is identical to Single Trip.
Other Travel Types—Invitational/Pre-Employment

1. Type the traveler's correct social security number.

2. Type the traveler's personal information.

The authorizing code for Pre-Employment Interviews (Type "E") is 1140. It is set as a default. The object class for Pre-Employment Interviews and both types of Invitational Travel, which you must fill in, is 2143.

3. Press Enter

From this point, the process for Invitational Domestic or Foreign and Pre-Employment Interview is identical to Single Trip. For more information on requesting a single trip, please see Section Three, “Add a Travel Request.”

- **B** = Blanket Order (Original)
- **E** = Pre-Employment Interview

The Modification/Extension option is used only for a travel request that has been completely approved, and the trip is already in progress.

1. Type the social security number of the traveler.
2. Type the proper fiscal year (It may be correct as shown).
3. Press **M** then **Enter**

The Modification/Extension screen sequence is identical to Single Trip, with one exception: a Request to be Extended Screen, shown on the following page.
Other Travel Types—Modification/Extension

1. Type a valid eight-digit TAC Number

2. Press Enter

From this point, Modification/Extension is identical to Single Trip. For more information on requesting a single trip, please see Section Three, “Add a Travel Request.”

After completing the process, you will see a confirmation screen indicating that the request has been copied to a new TAC number.
Other Travel Types—Pre-Payment Reimbursable

Pre-payment reimbursable trips are those in which an outside entity or organization funds an official duty trip for a NASA employee.

1. Type the social security number of the traveler.

2. Type the proper fiscal year (It may be correct as shown).

3. Press [R] then [Enter]

The Pre-payment Reimbursable Trip is identical to the Single Trip. The one difference is that FMD-Travel Branch must add information about the reimbursement agreement. The screen sequences are identical. For more information on requesting a single trip, please see Section Three, “Add a Travel Request.”
Modify a Travel Request

Modifying a travel request allows you to make changes to a request that has been prepared, but not fund approved. If you wish to modify a request once the approval process has started, you must start the modification process from the beginning. You may access the modification system through the Travel Request Maintenance Menu, pictured on the screen below.

Many of the screens and the associated keystrokes used to modify travel requests are identical to those you used to add the request. Therefore, for the sake of brevity, the screens will be pictured in this section, but the accompanying instructions have been eliminated. Changes are made by simply pressing the Enter key until the proper screen is recalled, and then using the Tab key to cursor to the appropriate space where a change can be made.

1. Press 2 then Enter
Modify a Travel Request

1. Type the proper TAC number and suffix. The most recent TAC number accessed is automatically displayed.

If you do not know, or cannot remember, the proper TAC number, please refer to the section entitled, “Prepared Standard Queries and Reports.” Here you will find an option that displays TAC numbers for a social security number.

2. Press Enter

Press the Enter key to cursor through the screens until the proper one is recalled, and then use the “Tab” key to cursor to the appropriate space where a change may be made.

Delete a Travel Request
Copy a Travel Request

Deleting a travel request removes a request and its TAC number that have been associated with your social security number. A request cannot be deleted once its overall status is approved. If it has been fund approved, you must contact FMD.

Copying a travel request copies information such as purpose of travel and itinerary from an existing TAC number to a new one. It does not copy the government charge exception indicator or justification. Copying the request to a new TAC number allows you, for example, to change the dates in the case of a repeat visit to the same location, or allows you to change the traveler's social security number, as would be the case if two individuals were taking a trip together.

Selecting option number two will take you to the Travel Advance Maintenance menu, where you may add and modify advance requests.
Add a Travel Advance

1. Press 1 then Enter

Please select option ___
Add a Travel Advance

1. Type a valid eight-digit TAC number.
2. Press Enter
Add a Travel Advance

1. Type the desired cash advance amount, then [Tab]

2. Type the desired check amount, then [Tab]

The maximum allowable cash advance is $500. The total amount of the cash and check advance cannot exceed the listed amount that you are entitled to. (In this example, it is $400.) Treasury checks must be for at least $25. You need not ask for both.

3. Press 1 2 or 3 then [Enter]

If you chose “Other Address” (option 3), you will be asked to provide that information later, under “Travel Advance Maintenance, Print Final Travel Advance.”
Add a Travel Advance

ADVANCE WAS ADDED

1. Press Enter

Pressing the Enter key will return you to the screen pictured on page 3 of this section. Press the PF11 key to return to the Travel Advance Maintenance Menu, as shown on the next page. From here you may modify the advance request, if needed.

## Abstract (Maximum 200 words)

The Lewis Online Travel System (LOTS) is a menu-driven interactive application that automates nearly all of the functions associated with government travel. The purpose of this manual is to provide LOTS users with concise instructions for using the computerized application. As such, it will not go into the details of travel regulations.
